

## Generator Solutions are introduced as an Authorised Whole Goods Dealer for the UK

Cummins Generator Technologies are pleased to announce the introduction of Generator Solutions Ltd as an Authorised Whole Goods Dealer for the UK Market.

Generator Solutions has had a long and successful relationship with Cummins Generator Technologies for over a decade. They are the Authorised Parts and Service partner for **NEWAGE® | STAMFORD® | AvK®** products within the Scandinavia Market and during this time Generator Solutions have built successful trusted supplier relationships within the Power

Generator Solutions & Cummins Generator Technologies February 2020

Generation sector, which have been recognised by winning the AMPS Customer Service Award in 2018.

“We are proud of our recognition in the industry, and the people we work with. Our success is due to having excellent staff, great customers and a trusted supply chain. The service and products we provide is a priority determined by our staff, who aspire to deliver the very highest standards of workmanship”, said Geir Wessel, Generator Solutions, Managing Director.

Cummins Generator Technologies and Generator Solutions are now announcing an exciting expansion of this relationship within the UK and Ireland. Generator Solutions will provide a range of **NEWAGE®** and **STAMFORD®** whole goods products to the market. Generator Solutions UK based office in Stamford and warehouse in Grantham, offers the highest level of customer services, supports genuine products only, and ensures stock levels are constantly monitored to enable a rapid response to customers' needs and expectations.

As a whole goods dealer, Generator Solutions will keep a range of Industrial and Marine machines in stock, with the capability of upfitting the machines to meet your specification requirements where possible. The benefit of the stock availability is to allow units to be dispatched quickly and delivered direct to your facilities.

Cummins Generator Technologies will continue to provide presales technical guidance for all **NEWAGE®** and **STAMFORD®** products that will be purchased from Generator Solutions.

The Warranty for **NEWAGE® | STAMFORD® | AvK®** products will remain unchanged from Cummins Generator Technologies. Our Global CGT Authorised Parts and Service Dealers will provide any service, maintenance and support as required.
